EXAMINER'S AMENDMENT

Page 2

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Raymond J. Cardillo, Jr. on 8/12/2005.

2. The application has been amended as follows:

Claim 9 is cancelled.

Change the title to ---PRINTER HAVING CONTROLLER TRANSMITTING
COMMANDS TO PRINT ENGINE RESPONSIVE TO COMMANDS---

Allowable Subject Matter

3. Claims 1 - 8 are allowed. Claim 9 has been canceled.

4. The following is an examiner's statement of reasons for allowance:

Claim 1 is directed towards a printer with a printer controller and a mechanical controller. Specifically, the commands transmitted to the mechanical controller from the printer controller and how they are used. Claim 1 identifies the uniquely distinct features of the commands being from the printer controller to the mechanical engine controller in combination with the commands having a plurality of superior/subordinate layers in combination with specifically holding the first command last received until reception of another first command. The closest prior art Kageyama et al. (US 5774638) teaches the general concepts of constraining and non constraining commands and having a first command set parameters for subsequent commands. Kageyama et al. thus, either singularly or in combination with other cited references, fails to anticipated or render the above limitations obvious when used with other claimed limitations.

- 5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lucas Divine whose telephone number is 571-272-7432. The examiner can normally be reached on Monday Friday, 7:30am 5:00pm.
